GROUP PROJECT

Lecturer: Mr. Arif

Group: KHOO CHIEN WAH

Project Title: E-commerce

Prepared by: Khoo Chien Wah

Student ID	Student Name	Phone number
1231303264	Khoo Chien Wah	010 - 370 9128
1231303151	Goh Shun Da	016 - 456 1362
1221101101	Wai Yu Heng	018-788 4360
241UT240T0	Mustafa Gorashi Eltayeb	018-3572399
1221101804	TAN ZE KANG	016-3972293

TABLE OF CONTENT:

Group member declaration

(Each group member, including the group leader, must individually fill up and submit this form)

Group leader's name : Khoo Chien Wah

For the purpose of completing this assignment, I have performed the following tasks (please list):

1. **Figma Design:** Worked along with Goh Shun Da to use Figma for the design and development of the mobile app prototype.
2. **Video editing:** In charge of capturing and refining the project presentation video to make sure every member of the group was included and the information was understood.
3. **GitHub Management:** Oversaw project files uploaded, kept track of version control, and made sure team members collaborated easily.

4. Preparing the Project Report: created and assembled the all-inclusive project report, which included the user guide for the mobile app, the website URL link, the Figma URL link, and the cover page.

I hereby declare that I have assessed this submission and I take full responsibility should there be any inaccuracies, incompleteness, omissions, delays or non-submission.

Mobile apps user manual (Canva):

Introduction:

Overview of Purpose and Functionality:

This mobile app's goal is to give customers a smooth and effective online shopping experience when buying skirts and shirts. Customers can use their mobile devices to explore a carefully chosen assortment of apparel, choose what they want, and finish the transaction all at once. Product browsing, comprehensive product information, safe checkout, and purchase tracking are some of the main features. With its user-friendly appearance and simple navigation, the app is meant to increase user pleasure and engagement.

Target Audience:

This mobile app is intended for fashion-forward people between the ages of 18 and 45 who love to buy clothes online. Convenience, a large assortment of fashionable clothing, and a simplified shopping experience are important to these customers. The app serves people who are shopping for fashionable skirts and shirts.

Overview of the Dashboard

Principal Elements of the User Dashboard

The app's main hub, the user dashboard, gives you access to all of its main functions. The principal elements consist of:

- Home Page: The home screen shows a list of highlighted goods, ongoing sales, and customised suggestions.
- Categories: Lets customers look through products just for skirts and shirts.
- Cart: Displays newly added products along with viewing and editing options.

- Location: Show your current location.

- Flash Sale: Display "All", "Popular", "Newest", "Men" and etc.

- Seach Bar: Users may rapidly search for certain products using the search bar.

An explanation of each feature's function

- Home Page: The home screen draws users' attention and increases sales by showcasing current deals and tailored product recommendations.

- Categories: Based on user choices, this tool makes it easy for users to find shirts and skirts.

- Cart: Enables customers to check and change their choices prior to completing the checkout process.

- Location: deliver personalized content based on the user's location.

- Flash Sale: Discount and promotions that is offer for a limited time only.

- Search Bar: Quick and effective product searches are made possible by the search bar, which enhances user experience.

Navigation Guide

Overview of the Key Navigational Elements

The application includes the following components:

- Home: Takes users back to the Start Screen.
- Categories: To browse shirts and skirts, open the Categories area.
- Cart: Opens the user's shopping cart.
- Flash Sale: Discount and promotion items.

The navigation is simple and easy to use because each icon has a clear label and is intuitive. On the Home Screen, swiping left or right cycles between featured products and promotional banners.

Visuals to Illustrate Key Features:

- Home Screen

- Categories

- Cart

- Flash Sale

Functionality Guides

Breakdown of Each Major Feature:

- Product Browsing: Customers are able to go through several sections dedicated to shirts and skirts.

- Product Details: Detailed information is provided on every product page, including excellent photos, descriptions, costs, and other details.

- Add to Cart: Customers can check the contents of their cart, add the things they want, and make any necessary revisions.

- Order tracking: From dispatch to delivery, customers may follow the progress of their orders in real time.

Step-by-Step Instructions for Each Function

Adding a Product to Your Cart

- Browse or search for the product (shirt or skirt).

- Tap on the product to view details.

- Select the desired size, color, and quantity.

- Tap the 'Add to Cart' button.

- To view your cart, tap the Cart icon on the bottom navigation bar.

Checking Out

- Tap the Cart icon to view your cart.

- Review your items and make any necessary adjustments.

- Tap 'Finalize Order'.

Tracking an Order

- Select 'History' from the profile menu.

- Tap on the order you want to track to view its status and details.

Encouraging Exploration of Features:

In order to fully utilise the software, users are recommended to:

- Check out the 'Categories' section to find fresh looks and offers.
- Utilise the 'Wishlist' function to bookmark products for later purchases.
- Use the 'Order Tracking' function to keep track of their purchases.
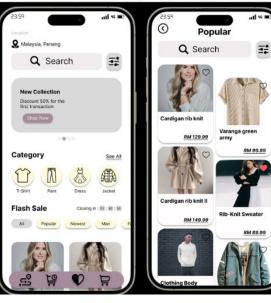

Visual Design and Branding

Explanation of Visual Elements

The app features a clean and modern design to enhance user experience. Key visual elements include:

- **Colour Scheme:** To communicate freshness and trust, a combination of dark pink and white backgrounds is used.
- **Typography:** To guarantee that information is easily accessible, choose readable and clear fonts.
- **Icons:** Using the user-friendly icons consistently will help users navigate the programme.
- **Product Photos:** Excellent quality pictures of every product that highlight various features and viewpoints. Users can utilise this to make well-informed purchasing decisions.
- **Constant pattern:** To guarantee a structured and ordered appearance, use a constant grid pattern. This results in an interface that is balanced and uncluttered and uses consistent padding and margins.
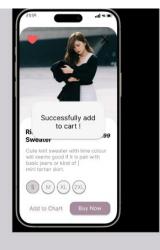

- Sign in account or register account
- when done register ,then press start

- search any type of shirt you want at the search bar
- There're category and flash sale
- Can check price before start to choose option.

- Click the option that u want
- Option of size can be choose
- Then click add to cart or buy now
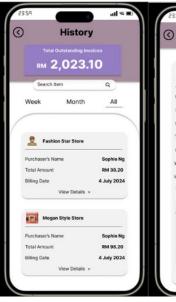

• Separate any favourite shirt just like few file

• Can check from history that anything buy before
• Can check favourite shirt

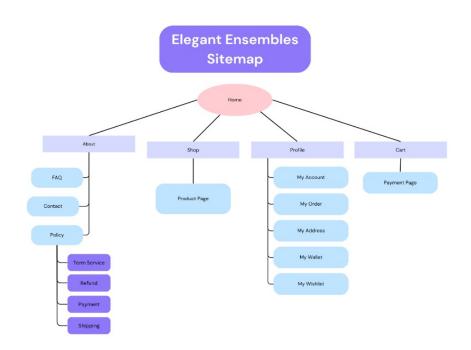

• Check total payment
• To pay order

- Map to look for the item
- When item will arrive and where item have arrive

- Invoice from the company
- To make sure no mistaken
